

Turn on availability badge

! You had no profile views in the last 7 days. It is up to you when and whether to use the availability badge, but freelancers with significant profile views seem to get the best use out of this feature.

The price to turn on the badge may go up or down depending on how many people have it on. We'll turn the badge off automatically if the price exceeds your maximum. [How does this work?](#)

Current price

6 Connects per week

My maximum **?**

6

Connects per week

! You can't turn on this badge because your profile is set to private or unavailable.

You have 130 Connects in your freelancer account.
