Back-End Development Draft

Review your Full Stack Development profile.

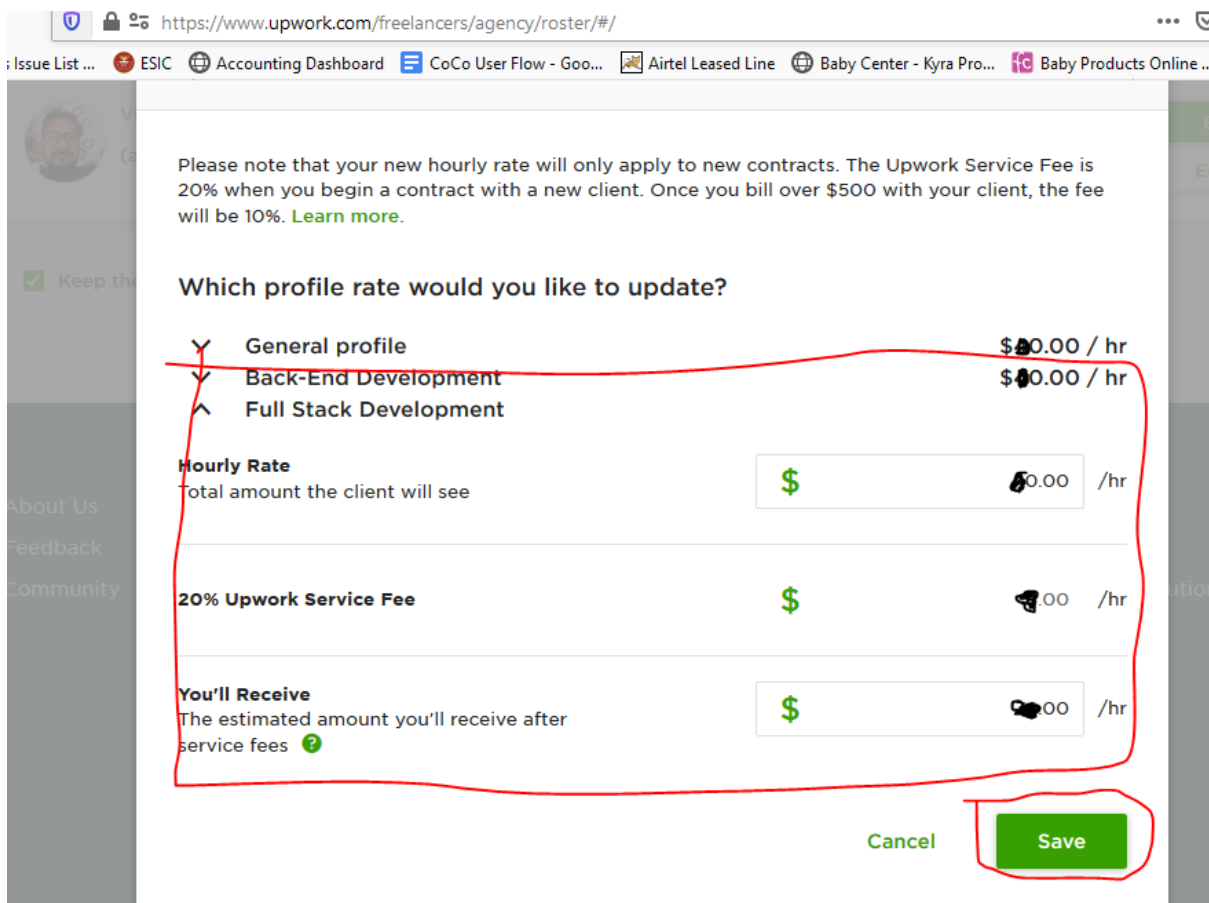

Pay extra attention to the Work History section. Select "Edit" to review the projects that were automatically added. You can update this list at anytime.

Publish

NOTE: All details required to create specialized profile are completed. After spending day to understand the error message, I figured out that I need to add rates in Agency roster for each exclusive team member. Please see the next screenshot:

Now here when I enter rates for each specialized profile and click on SAVE button. The rates keep disappearing and are not getting saved. See all screenshots below:

After saving rates, If I try to publish team members specialized profile, I get the same error

1/freelancers/~011f024fd0d12e4c83?s=1110580755107926016

When go back to Agency roster page and open edit rate window for the same profile, rates are not saved.

Edit rates ×

Please note that your new hourly rate will only apply to new contracts. The Upwork Service Fee is 20% when you begin a contract with a new client. Once you bill over \$500 with your client, the fee will be 10%. [Learn more.](#)

Which profile rate would you like to update?

| | |
|--------------------------|-------------------------|
| ✓ General profile | \$40.00 / hr |
| ✓ Back-End Development | \$0.00 / hr |
| ✓ Full Stack Development | \$0.00 / hr |
