SEO

Posted 3 months ago

🌐 Worldwide

I am seeking an experienced and talented SEO content writer to assist me in creating web content for a newly developed website. The website focuses on an AI-powered content detector tool, which analyzes and distinguishes between AI-generated content and human-written content.

To ensure the success of the website and achieve high rankings for relevant keywords in search engines, I am looking for a skilled content writer who can provide SEO-optimized web content for the basic pages of the site. The goal is to attract organic traffic and establish our website as a reliable resource in the field.

Responsibilities:

- Create engaging, informative, and SEO-optimized content for the website's basic pages, including the homepage, about us, services, and contact us.
- Conduct thorough keyword research to identify relevant keywords and incorporate them seamlessly into the content.
- Write clear and concise content that is easily understandable for the target audience.
- Ensure the content is original, well-researched, and free from plagiarism.
- Collaborate with me to understand the website's goals, target audience, and unique selling points.
- Implement on-page SEO techniques, such as meta tags, headings, and internal linking, to enhance the website's visibility in search engine results.

Requirements:

- Proven experience as an SEO content writer, preferably with experience in writing for technology-related topics.
- Strong knowledge of SEO principles and best practices.
- Excellent research skills to gather information and understand complex topics.
- Ability to write in a compelling and engaging manner, adapting the tone and style to suit the target audience.
- Proficiency in English with impeccable grammar and spelling.
- Familiarity with content management systems (CMS) and basic HTML is a plus.
- Samples of previous work or a portfolio showcasing your writing skills would be highly appreciated.
- If you are a talented SEO content writer and passionate about crafting compelling web content that drives organic traffic and boosts website rankings, I would love to hear from you. Please provide your rate per word or per hour, along with any relevant samples of your work.

Thank you for your interest, and I look forward to receiving your applications!
